Dear

As discussed in the June 16, 1983 meeting, the IBM 3088 Early Support Program (ESP) at the Central Intelligence Agency (CIA) was officially completed June 7, 1983. In addition, this letter serves to release CIA from section V.a of the IBM 3088 ESP Letter of Understanding: specifically, you can discuss your experiences resulting from the IBM 3088 ESP.

Support and cooperation provided by you and your staff has been instrumental in making the ESP successful. Thank you for your efforts throughout the program.

Sincerely,
